1. Welcome to OCSAPP

OCSAPP is a Quebec ecosystem connecting suppliers, sellers, businesses and buyers. As a supplier, you list your catalog, receive purchase orders from the network and follow their fulfillment from one portal. The ODA driver network picks up from your dock and handles the last mile.

At a glance

Cost to start	\$0: the Essential plan is free
Application	About 15 minutes
Approval	1-3 business days
Payment	On terms agreed at onboarding (typically net-30)

2. Your journey in 5 steps

1. Submit your application. During beta, use the personal link in your invitation email, with the email address the invitation was sent to. Enter your contact details, business, NEQ, registered address and plan.

2. Review (1-3 business days). You can log in to the portal during review, with limited access: no product listings or purchase orders until activation. We may ask for additional documents.

3. Activation. You get the decision by email with your supplier code (SUP-XXXXXXXX), your permanent identifier on the network. Your account starts on the Essential plan.

4. Build your catalog. Products, descriptions, prices, pack sizes, stock, lead times and **accurate weight per unit**.

5. Receive purchase orders. Every new purchase order is emailed to you and appears in your portal.

3. What to have ready

- Your Quebec enterprise number (NEQ), legal name and operating names
- Your GST and QST registration numbers
- Commercial general liability insurance of at least \$1,000,000 (product liability required for food, produce and consumable goods)
- Optional, but speeds up review: certificate of incorporation, declaration of registration or enterprise register extract (PDF, JPG or PNG, 5 MB maximum each)
- Your catalog with **accurate weight for each product**, pack sizes and lead times
- The ability to fulfill purchase orders and hand them to the ODA network within agreed lead times

Why weight is required: it is used to calculate the oversize surcharge (over 25 kg) billed to the business client automatically. You never see that surcharge on your payout.

4. Plans and commissions

Plan	Monthly fee	Commission	Includes
Essential	Free	8%	POs, bills of lading and invoices, receivables and payments, messaging, stock and product management, activity log
Experience	\$49	6%	All of Essential, up to 10,000 SKUs, user roles and access limits, priority support (7 days), bulk product import
Prestige	\$79	5%	All of Experience, unlimited SKUs, dedicated account manager, catalog featuring, priority order processing
Enterprise	Custom quote	Custom	All of Prestige, live delivery tracking, CRM, advertising, custom integration and SLA

All new accounts start on Essential. To change plans, email suppliers@ocsapp.ca: changes take effect within one business day, with no commitment (month-to-month plans).

Payment processing: 2.9% + \$0.30, deducted from your proceeds alongside commission and shown separately. B2B delivery fees (\$19 West Island / \$21 Laval / \$24 Greater Montreal per purchase order) are paid by the business client and never touch your commission.

5. How a purchase order works

Step	What you do
PO received	Email alert and full details in the portal.
Confirmation (24 h)	Confirm or flag an issue within 24 hours. Don't confirm an order you can't fulfill in full; partial fulfillment must be flagged to OCSAPP before confirming.
Preparation	Prepare the order with its packing slip and update the status.
Handoff to ODA	Hand the order to the driver within the lead time on your product listing.

Surcharges paid by the business client (West Island / Laval / Greater Montreal), never deducted from your payout:

Situation	Surcharge
Order of 25-50 kg	\$10.00 / \$11.25 / \$12.50
Each 10 kg over 50 kg	\$5.00 / \$5.63 / \$6.25
Each supplier beyond the 2nd consolidated	\$4.00 / \$4.50 / \$5.00
Distance of 10-15 km	\$10.00 / \$11.25 / \$12.50
Each 5 km over 15 km	\$5.00 / \$5.63 / \$6.25

6. Your supplier portal

- **Products:** catalog, prices, pack sizes, weight, stock and availability.
- **Purchase orders and orders:** receive, confirm and track fulfillment.
- **Pickups:** schedule handoffs to the ODA network.
- **Invoices and receivables:** payment status and statements.
- **Analytics:** order volume, top products and trends.
- **Messages and documents:** conversations with the OCSAPP team and your business documents.

7. Claims and chargebacks

Purchase order issues (shortage, damage, defect, incorrect fulfillment) follow the Returns & Refund Policy, Track B (business).

- **Claim window:** the business client has 48 hours from the delivery scan to report an issue.
- **Determining the cause:** photos and scans taken at your dock and at delivery.
- **Issue on your side:** the claimed value and reverse-logistics fee are deducted from your next payout, itemized in your portal.
- **Issue that happened in transit:** no charge to you.
- **Disputes:** 5 business days to dispute from your portal, with your evidence.

8. French labelling

Since June 1, 2025, descriptive terms tied to a trademark (flavour, ingredient) must appear in French on the product, even if the trademark stays in another language. A transition period runs until June 1, 2027 for products made before June 1, 2025. This matters most for food, beverage and personal care products. You are responsible for compliance before listing a product.

9. Founding Partner Program

Reserved for the **first 15 activated suppliers**, automatically on activation, as long as the cohort isn't full:

- Prestige rate locked for 6 months: 5% commission, \$0 monthly fee (normally \$79/month)
- Free catalog setup and a permanent Founding Partner badge

When the 6 months end, the account moves to the Essential plan (8%); you can switch plans at any time after that. Spots remaining: ocsapp.ca/founding.

10. Frequently asked questions

Who delivers the orders?

OCSAPP's ODA network picks up from your dock and delivers to customers; you don't arrange any transport.

How do I get paid?

On terms agreed at onboarding (typically net-30), after the purchase order's fulfillment is confirmed. Invoices and payment status are in your portal.

Can I use a different email than my invitation?

Not during beta: the waitlist invitation only works with the address it was sent to. If the OCSAPP team sent you a direct supplier invitation, you can use any address.

How are disputes resolved?

First through good-faith negotiation. If unresolved within 30 days, a dispute may be submitted to the courts of the judicial district of Montréal. No mandatory arbitration.

11. Contact us

Channel	Details
Supplier support	suppliers@ocsapp.ca
Phone	514-746-3789, Monday to Sunday, 7am to 11pm

No news after 3 business days? Email suppliers@ocsapp.ca with your reference number (in your confirmation email).
